Hearing in the Matter of Daisy Hutchinson's Alleged Insanity.

GENERAL NEWS OF THE COURT HOUSE

Argument in the Brace Bros. hearing before Master M. A. Woodward was begun vesterday. W. W. Jennings, counsel for the firm, made but a brief address. His argument was that a refusal of the temporary injunction would not prevent a permanent one being granted, and that they asked only to be let alone. The more important question, he thought, was the one of damages caused by the action of the defend ants in the bill. He quoted authorities on this point. He knew it was difficult to arrive at the point. He knew it was shown by the statements of the employes and drivers of wagons at least \$16,000 worth of business had been withheld from them by their patrons. The testimony submitted had all been allowed to be given without any witnesses being called by the deference to rejute it.

during the numerous bearings. He went
through the entire reports and picked out the
statements of witnesses for the prosecution,
saying he would enlarge on them at the proper
time. He argued that the evidence submitted
was not sufficient to make out a case. He said
the acts proved were not of an unlawful nature,
and that in the cases of several of the defendants named in the bill nothing had been shown
against them to include them in the bill asked

The possible profits are only assumed, and there are many causes to prevent them being realized. The statements of agents and drivers of wagons "tnat patrons were falling off on account of the boycott" should not be put in evicence, as that should be directly sworn to. Mr. Moore objected to its consideration by the master.

HER SANITY DOUBTED.

A Rearing in the Peculiar Case of Daley Hutchinson. If Daisy Hutchinson is adjudged insane it will have to be done by hard work on the part of her opposing counsel, Charles F. McKenna. Esq. At the hearing yesterday she certainly showed by her actions that she was not only not

out of her mind, but she could take care of her own business. The case was called for hearing before Commissioner John C. Shoemaker in the latter's office in the Bakewell building. There were present besides the commissioner and his asstants, Drs. McKennan, Mercur, Benham, lylic and Sutton, and a number of women. ttorneys lireill and Fitzpatrick appeared for

The first witness called was Mrs. Elizabeth Blume, of Alleghouy City, a sister of the weman supposed to be insane. She testified to the age and family connection of her sister, Margaret Bassendorf, better known as Daisy Hutchinson. She said Daisy was about 30 years of age. She stated in detail the history of the case from the time Daisy discharged the inmates of her house until the present time. She said a short time after Christmas Daisy came to her and commanded her to give up housekeeping and go live with her. She and her husband did so and at the expiration of two weeks she began to think her sister was insane. Every day Daisy had a different idea about what she wanted to do in the future. Subsequently she visited the St. Francis Hospital and found Daisy in the insane apartment. She was crying and said that was no place for her and wanted to get out. Mrs. Blume told Daisy she could not take her out and her sister then began to get hysterical. The first witness called was Mrs. Elizabeth

Daisy she could not take her out and her sister then began to get hysterical.

Doctor Mercur testified, saying the woman had been brought to his office by Constable Porter in an excited state. She was sobbing about her sister being murdered and he came to the conclusion that she was mentally unsound. He gave her a mixture of bromide. She came back the next day saying that somebody was pursuing her. He went to see the constable and asked him to commusficate with her friends. At 1 o'clock Sunday merning she was called to her room in a hotel where she said somebody had drugged her. She still raved about her sister's

He told Dr. McKennan that she needed a private place to rest and he wanted to send her to Frankford, In the meantime they decided to have her committed to St. Francis', and the papers were made out.

made out.
To the query, "Look at her now and then say if you think she is insane," the witness said, "I am not qualified to judge without an examination. I would have to ask her questions." Dr. Mercur said he would consent to attend an examination with other physicians. He said he had prescribed no morphia, nor were there any signs of the drug upon the woman.

Dr. McKennan, who was resident physician at Dixmont asylum for two years, was placed upon the stand. He said he had been influenced in making his report of Daisy's condition by the history of the case given to him. He did not detect any violent signs of insanity, but his general observation made him believe that she was meane. He said patients of this kind would deceive physicians, and, they had to be guided by what they had been told. He thought Daisy should have three months' rest in some quiet private asylum. quiet private asylum.

years, and Edith P. Wilson, aged 15 years. The application for the license was made at the marriage license office by Mr. Welser himself, an erect and well preserved man, looking many years younger than the age he gave. He was accompanied by James Wilson, the father of the girl, who resides at 168 Wylie avenue, Mr. Welser resides with Mr. Wilson.

When the age of the intended bride was given, Captain Heiber, the clerk, hesitated. After a consultation with Register Connar. however, the license was issued, there being nothing in the law to prevent a union of a couple with such a great disparity of ages, when the consent of the father is given.

Mr. Welser, the prospective groom, was formerly a resident of McKeesport, and for many years was well known as connected with the circus business. He traveled as a clown with the circus of "Jim" Taylor for a number of years, until the show atruck a yellow fever district, and half the performers dying, the company was broken up. Afterward Welser took out a circus of his own. He retired upon marrying a wealthy lady in McKeesport, and upon her death was left a fortune.

The family of the girl are said to be in but moderate circumstances.

Then it is that the marrelous curative power of Sanford's Radical Curamanifests itself in instantaneous and grateful relief. Cure begins from the first application. The Opera. House is filled to overflowing every morning with invalids from all parts of the country and city who are suffering from all manner of complaints, eagerly waiting for an opportunity to receive a magnetic treatment from Dr. Smith. That this man is endowed with a strange and mysterious gift to heal diseases there can be no possible doubt. The many wonderful cures he performs simply by laying his hands upon the invalid is truly marvelous. Scores of helpless invalids are carried upon the stage, and after receiving a magnetic treatment of not more than five minutes duration, get un, walk around the platform and declare to the audience that they are entirely well. Dr. Smith is a thoroughly educated physician and surgeon, and performs all operations known to surgery; he cordially invites both the sick and the well to go to the Grand Opera House and witness his many wonderful cures. This morning a man went upon the stage who had been a helpless invalid for four years, sufferin: from rheumatism in his back and lega. He was so lame that he was obliged to walk with crutches and could not stand alone without them. In five minutes he was running around the platform with his crutches over his shoulder, as well as he ever was in his life. Another gentleman who suffered from a lame shoulder and who had not been able to put ou his coat without help in five years, was cured in less than five minutes. A lady who had been deaf five years was made to hear a whisper. A lady suffering from rheumatic headache was relieved of all pain in a few moments' time. These wonderful cures were witnessed by an audience of more than 1,000 people. Dr. Smith will treat the sick every morning this week at the Grand Opera House from 10 to 11 o'clock free of charge; everybody is invited to attend and listen to the lecture and witness the cures. The Doctor is located at 502 Penn avenue, where he may be consulted free from 9 A. M. until 7 P. M.
